

<b>Short reason</b>	<b>Detailed description</b>
Late gate-in	Unfortunately, container(s) arrived at the terminal after gate cut-off. As a result the shipment will need to be replanned to the next vessel.
Equipment unavailable	Unfortunately due to an equipment shortage, we were unable to provide the required equipment. We will confirm as soon as the equipment is available. Meanwhile the shipment will be replanned to the next available vessel.
Potential container damage	There is a risk that the container could be damaged. If you have not already received a call from us about this, please call your local office as soon as possible.
Vessel capacity limitation	Due to limitations on vessel capacity, it was not able to load all cargo as planned. Your shipment has been replanned to the next available vessel.
Cargo ETA is early / advanced	Your shipment has been moved to an earlier vessel in the transshipment port to avoid a long layover. Your shipment has been replanned to an earlier vessel.
Vessel cut and run	Unfortunately the vessel has been forced to leave the port prior to completing operations. Your shipment had to be replanned to the next available vessel.
Port omitted by vessel	As a result of an unforeseen operational constraint the vessel has been forced to omit this port. All cargo will be replanned to the next available vessel.
Missed vessel connection	Due to pressure on the vessel schedule the connection in the transshipment port has been missed. Your shipment has now been replanned to the next available vessel.
Container misplaced	The terminal/port authorities have been unable to locate the container during vessel operations. Once the container is found by the terminal personal, it will be replanned to the next available vessel.
Unforeseen contingency	As a result of an unforeseen operational constraint, your shipment has now been replanned to the next available vessel.
Unforeseen contingency	As a result of an unforeseen operational constraint, your shipment has now been replanned to the next available vessel.
Force Majeure	As a result of an unforeseen operational constraint, your shipment has now been replanned to the next available vessel.
Unforeseen contingency	As a result of an unforeseen operational constraint, your shipment has now been replanned to the next available vessel.
Unable to load	Unfortunately the load list was closed prior to confirming your shipment. Your cargo has now been replanned to the next available vessel
Vessel network change	As a result of an unforeseen operational constraint, your shipment has now been replanned to the next available vessel.
Delivery/Discharge Location changed	Your shipment has been replanned based on your request to change the delivery or discharge location.
Vessel change	Your shipment has been replanned based on your request to change the vessel.
Dangerous goods or OOG declaration missing	Since dangerous goods declaration or OOG documentation for this shipment was not received prior to documentation cut-off, it therefore cannot be loaded on the original vessel. Please submit the required documentation so that we can replan loading your shipment
Detention in transit	Your shipment has been held in transit based on your request. We will hold the shipment until we receive your approval to load it
Security approval is missing	Due to missing security approvals your cargo was not able to load on the planned vessel. Please contact your local office for further assistance.
Missing shipping instruction	Since shipping instructions for this shipment was not received prior to documentation cut-off, it can therefore not be loaded on the original vessel. Please submit the shipping instructions so that we can replan loading your shipment
Customs restriction	Due to customs restrictions, your shipment was not loaded as planned. Please contact your local office for further assistance.
Late gate-in	The container(s) arrived at the terminal after gate cut-off. As a result your shipment will need to be replanned to the next available vessel.
Container has not arrived in terminal	The container(s) has not yet arrived in the terminal. As a result your shipment will need to be replanned to the next available vessel.
Cargo is over-weight	Your cargo has exceeded the container weight limitations. You will need to destuff the excess cargo. Please contact your local office for further assistance.
Unforeseen contingency	As a result of an unforeseen operational constraint we needed to replan your shipment on the next available vessel.
Vessel Arrival has changed	There was a change in a vessel schedule, which impacts the arrival date/time of your shipment at destination.
